

FUN ON THE WATER AND

ON WHEELS

What We're All About

Founded in 1948 by Ed "King of the Canyon" McCarthy and his wife, Cathy; Canyon Cruise has a 60 year tradition of providing safe and quality canoe, kayak, and rafting excursions, on the Pine Creek. From early Spring until Summer the waters of the Pine Creek provide over 60 miles of swift, clean, white water, stunning scenery and glimpses of wild-life. Although the water levels tend to drop off in the summertime, the water comes back again in the Fall. This is just in time to view the magnificent Fall foliage. From either the creek or the bike trail, the view of the Canyon is stunning. New Owner "Whitewater Joe" Womer continues these traditions and hopes to add a few of his own. One example is the new "Paddle with the Owner Wednesday", please contact us for more information.

Our location on Historic Rt. 6, halfway between Wellsboro and Galeton, in Gaines, PA, right next door to the Antlers Inn is just minutes from many popular access sites along the Pine Creek, allowing us to customize your excursion to your level of experience. The length of your trip can vary with the water level and the amount of time you want to spend on the water. We also provide rentals to any of our local lakes.

"It's All Part of Boatin!!"

In addition to boat rentals there are many bicycling opportunities in the Grand Canyon region. The Pine Creek Rail Trail follows the river along the resurfaced railroad bed and the surrounding Tioga State Forest offers off-road jeep trails and logging roads for the mountain biker.

Gaines is the place to start if you are looking to spend just a little more time. It is 3.3 miles from Our facility and gives you 1-1½ hours of paddling.

Just like Gaines, the accesses at **Watrous** and **Phoenix Run** add a little more paddle time to your trip. At 4.6 and 5.7 miles respectively they take your paddle time to between 2-4 hours.
